 Jashwanth-Gowda-R

Professional Summary

Experienced Software Engineer with over 4 years of overall development experience, specializing in both mobile and web applications. Demonstrated 3+ years of expertise in Flutter for building cross-platform mobile apps (Android, iOS) and strong experience in ReactJS for modern web development. Proficient in Dart, JavaScript, Firebase, RESTful APIs, and state management solutions like Riverpod and Stacked. Adept at working in Agile teams, following clean architecture principles (MVVM), and delivering high-performance, scalable applications. Skilled in CI/CD automation, app deployment (Play Store, App Store), and performance optimization. Passionate about open-source contributions, UI/UX design, and continuous learning. Currently contributing to the global expansion of a mobile platform at ProWork.ie.

Education

Don Bosco Institute Of Technology, VTU	**Bengaluru, India**
Undergraduate, Bachelor of Telecommunication Engineering	*2015 - 2019*

Experience

Full-time Employment

ProWork	**Remote**
Flutter Developer	*Dec.2023 - Present*

- Developed a new cross-platform mobile application to expand ProWork's global presence.
- Wrote scalable Flutter code following MVVM architecture and modular principles.
- Integrated Firebase services (Auth, Firestore, Storage) and REST APIs.
- Collaborated with UI/UX teams to implement responsive designs.
- Handled full deployment lifecycle on Play Store and App Store.
- Set up CI/CD workflows using GitHub Actions for automated builds.
- Performed code reviews and optimized app performance.

Digital Green	**Bengaluru, India**
Software Engineer I	*Jul.2021 - Nov.2022*

- Developed a Flutter app to assist agricultural workers with crop data collection.
- Co-built a data sharing platform in ReactJS.
- Created a PowerBI dashboard for in-house data visualization.

Vrook	**Bengaluru, India**
Software Engineer	*Oct.2019 – Apr.2021*

- Built mobile-responsive OpenEdX LMS themes.
- Added features for booksbeka.com using OpenCart.
